Budget Template

* indicates a required field

Budget Instructions

The budget is here divided into three sections which SmartyGrants will use to automatically calculate your budget totals.

- **Cash Budget Template** is where you can include any items for which you will need to pay for with money from the project budget. Examples might include catering or art supplies.
- **In-Kind Contributions** is where you can include any resources that will be made available to the project without cash payment. Examples include free use of a venue or food donations. To calculate an estimated value for these items, ask what you would have to pay if the service/goods were not being made available free of charge.

The Grants Team will incorporate the value of the Council Facility Subsidy into this section for you if necessary.

- **Volunteer Cost Calculator** is used to assign a value to the time donated by your volunteers.

Annual Grants 2021 - Application Form

Due to the competitive nature of Annual Grants, successful applicants may not receive the full amount they request. A smaller amount may be recommended if the project will still be viable. Therefore it is important that your budget is as *realistic* and *detailed* as possible.

Suggestions of items to include in the budget have been provided. Additional rows can be added to the budget if needed.

Please ensure that your budget covers the costs of the project as a whole and not just the expenses funded by the Yarra Grant.

Total Income should match Total Expenditure in the submitted budget.

Add more rows as needed. Unnecessary rows can be left blank or deleted.

Column totals will be automatically generated.
